

Hunt Companies Finance Trust to Restate Form 10-Ks and Form 10-Qs for Periods from June 30, 2016 through Second Quarter 2018

Earnings call scheduled for November 15, 2018

NEW YORK, Nov. 6, 2018 /PRNewswire/ -- Hunt Companies Finance Trust, Inc. (NYSE: HCFT) (the "Company") today reported that its previously issued audited financial statements (and any related audit of the Company's independent registered public accounting firm, Grant Thornton LLP) contained in the Company's 2016 and 2017 Annual Reports on Form 10-K and the unaudited consolidated financial statements contained in the Company's Quarterly Reports on Form 10-Q for the quarter ended June 30, 2016 and each subsequent quarter through June 30, 2018 (collectively, the "Relevant Periods") need to be restated and should no longer be relied upon. The restatements are due to accounting errors which occurred in fiscal year 2016.

The Company determined that it had incorrectly reported a release of credit reserves relating to certain Non-Agency Residential Mortgage Backed Securities ("RMBS") upon the sale of such securities in 2016 and incorrectly reported unrealized losses on Non-Agency RMBS Interest Only Certificates ("RMBS IOs") upon the deconsolidation in 2016 of the JPMMT 2014-OAK4 Trust (the "2016 Errors"). The Company does not believe that the 2016 Errors had any impact to comprehensive income, core earnings, dividend yield, stockholders' equity or book value per share that have been previously reported or will be reported in the future by the Company. Likewise, the 2016 Errors are not expected to impact the Company's previously announced new strategic direction or its qualification as a REIT.

The Company expects to file a Form 12b-25 in connection with its Quarterly Report on Form 10-Q for the quarter ended September 30, 2018 (the "Third Quarter 2018 Report") and the Company expects to file such Quarterly Report on Form 10-Q within the extended filing deadline. The Company intends to file amendments to its Annual Reports on Form 10-K for the fiscal years ended December 31, 2016 and December 31, 2017 to restate the previously issued annual financial statements and to its Quarterly Reports on Form 10-Q for the Relevant Periods to restate the previously issued interim financial statements shortly prior to the filing of its Third Quarter 2018 Report.

Earnings call scheduled for November 15, 2018

Additional Information Regarding the Restatement of Financial Statements

The unrealized losses on the RMBS IOs were incorrectly reported through other comprehensive income ("OCI") instead of through unrealized gain (loss) on fair value option securities on the Company's statements of operations for each of the quarter and year-to-date periods ended June 30, 2016 and September 30, 2016 and for the fiscal year ended December 31, 2016 as included in the Company's Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q for the Relevant Periods. The release of credit reserves was incorrectly reported through OCI instead of through the Company's statements of operations for the quarter and year-to-date period ended September 30, 2016 and for the fiscal year ended December 31, 2016. While having no impact on total stockholders' equity, as a result of the above errors, accumulated other comprehensive income (loss) and accumulated earnings (deficit) were incorrectly stated by equal and offsetting amounts in the Company's balance sheets for each of the quarter-end and year-end periods included in the Company's Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q for the Relevant Periods.

The restatements described above result from accounting errors arising prior to the Company's entry into its January 18, 2018 transaction with affiliates of Hunt Companies, Inc. and implementation of its new strategic direction (the "January 18 Transaction").

James Flynn, the CEO of Hunt Companies Finance Trust, Inc., said, "Since the January 18 Transaction, we've been working hard to improve the Company's internal processes and implement its new strategy. By the end of

the second quarter of 2018, the Company had completed the sale of substantially all of its residential and multi-family mortgage-backed securities ("MBS") assets, including all \$1.29 billion of MBS Assets held as of December 31, 2017, for which changes in fair value has been reported as a component of accumulated other comprehensive income (loss). The 2016 Errors will have no impact on the statements of income and statements of comprehensive income to be included in the upcoming Quarterly Report on Form 10-Q or the Form 10-K for the fiscal year ended December 31, 2018."

William Houlihan, the chairman of the Company's Audit Committee, commented, "Since the January 18 Transaction, our new management, with the oversight of the Audit Committee, has and continues to dedicate significant resources and efforts to improve the Company's control environment and take steps to address and remediate the previously disclosed failures of the Company's disclosure controls and procedures and internal controls over financial reporting."

Additional information relating to the restatements will be provided in the Company's Current Report on Form 8-K that will be filed with the U.S. Securities and Exchange Commission.
